ORDER

New Delhi, the 4th September 1970

S.O. 3233.—M/s. Shri Synthetics Ltd., 14, Netaji Subhas Road, Calcutta were granted import licence No. P/C/2061352/R/AN/33/H/27-28 dated 17th December, 1969 for Rs. 59,25,000 (Rupees Fifty-nine lakhs and twenty-five thousand

only). They have applied for the issue of duplicate (customs and exchange control purposes copies) of the said licence on the ground that the original customs and exchange control copies of the same have been lost/misplaced without having been registered with any customs authority. It is further stated by the party that the original import licence has not been utilised by them so far and the duplicate licence (both customs and exchange control copies) are required to cover the full value of Rs. 59,25,000 (Rupees fifty-nine lakhs and twenty-five thousand only) of the licence.

In support of this contention, the applicant has filed an affidavit. I am accordingly satisfied that the original (both customs and exchange control copies) of the said import licence have been lost. Therefore, in exercise of the powers conferred under sub-clause 9 (cc) of the Imports (Control) Order, 1955 dated the 7th December, 1955, as amended, the said original import licence No. P/C/2061352/R/AN/33/H/27-28 dated the 17th December, 1969 (both customs and exchange control copies) issued to M/s. Shree Synthetics Ltd., 14, Netaji Subhas Road, Calcutta-1 is hereby cancelled.

A duplicate (customs and exchange control copies) of the said import licence is being issued separately to the licensee.

MINISTRY OF PETROLEUM AND CHEMICALS AND MINES AND METALS
(Department of Petroleum)

New Delhi, 7th September, 1970

S.O. 3237.—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of petroleum from G.G.S.V. to Junction Point (Collector Line), in Gujarat State, Pipelines should be laid by the Oil & Natural Gas Commission;

And whereas, it appears that for the purpose of laying such Pipelines, it is necessary to acquire the Right of User in the land described in the schedule annexed hereto;

Now, therefore, in exercise of the powers conferred by sub-section (i) of the Section 3 of the Petroleum Pipelines (Acquisition of Right of User in Land) Act, 1962 (50 of 1962), the Central Government hereby declares its intention to acquire the right of user therein;

Provided that any person interested in the said land may, within 21 days from the date of this notification, object to the laying of the pipelines under the land to the Competent Authority, Oil & Natural Gas Commission, Construction & Maintenance Division, Makarpura Road, Baroda-9;

And every person making such an objection shall also state specifically whether he wishes to be heard in person or by a legal practitioner.

21	IS 5338-1969 Specification for catheter, eustachian	.	This standard specifies dimensional and other requirements of eustachian catheter (Price Rs. 3.00)
22	IS 5341-1969 Specification for benzyl chloride, technical		This standard prescribes the requirements and the methods of sampling and test for benzyl chloride, technical (Price Rs. 7.00)
23	IS 5361-1969 Specification for polyester film dielectric capacitors for direct current	.	This standard covers fixed capacitors designed essentially for dc with a rated voltage not exceeding 6,300 V, using a dielectric either polyethylene terephthalate or a material with similar properties. (Price Rs. 8.00)
24	IS 5382-1969 Specification for rubber sealing rings for gas mains, water mains and sewers	.	This standard prescribes the requirements, methods of sampling and test for vulcanized rubber sealing rings for gas mains, water mains and sewers. (Price Rs. 4.00)
25	IS 5386-1969 Specification for general purpose ship's davit	..	This standard specifies the requirements for light duty davits fitted on ships, for general use. (Price Rs. 2.50)
	IS 5401-1969 Methods for detection and estimation of coliform bacteria in foodstuffs		This standard specifies methods for detection and estimation of coliform bacteria in foodstuffs. (Price Rs. 3.50)
27	IS 5402-1969 Method for plate count of bacteria in foodstuffs	.	This standard specifies the method for plate count of bacteria in foodstuffs. (Price Rs. 5.00)

(1)	(2)	(3)	(4)
28	IS: 5436-1969 Method of testing oil-fired rotary dryers for hot mix asphalt and bituminous macadam plants	..	<p>This standard lays down the method for testing oil-fired rotary aggregate dryers of both continuous and batch types, and for reporting the results</p> <p>Recommended test conditions corresponding to the requirements in the manufacture of dense asphaltic concrete and bituminous macadam are also included for use when special test conditions are not laid down, and as a basis upon which manufacturers may declare the output of dryers. (Price Rs. 5.00)</p>
29	IS: 5437-1969 Specification for wired and figured glass	..	<p>This standard prescribes the requirements and the methods of sampling and test for wired glass, wired-figured glass and figured glass (Price Rs. 2.50)</p>
30	IS: 5463-1969 Methods for sampling of cotton fabrics for chemical tests		<p>This standard specifies the methods for sampling of cotton fabrics from bales or cases for chemical tests. (Price Rs. 2.50)</p>
31	IS: 5465-1969 Specification for <i>Sonali</i> bark	..	<p>This standard prescribes the requirements and the methods of sampling and test for <i>Sonali</i> bark intended for tanning and for the use in the manufacture of blended tanning extract. (Price Rs. 2.50)</p>
32	IS: 5468-1969 Specification for blanco	..	<p>This standard prescribes the requirements and the methods of sampling and test for blanco. (Price Rs. 4.00)</p>
33	IS: 5512-1969 Specification for flow table for use in tests of hydraulic cements and pozzolanic materials	..	<p>This standard covers requirements of flow table and accessory apparatus used in making flow tests for consistency of mortars in tests of hydraulic cements and pozzolanic materials. (Price Rs. 3.50)</p>
34	IS: 5518-1969 Specification for steels for die blocks for drop forging	..	<p>This standard covers the requirements for steel for die blocks in square, rectangular and circular sections for drop forging. (Price Rs. 2.50)</p>

19	IS : 5311—1969 कार्बन टेक्स्लोराइड के लिए बचाव संहिता ।	—	इस मानक में कार्बन टेक्स्लो-राइड के गुणधर्म, इस से सम्बद्ध खतरों की प्रकृति, और आगे लिखित बातों के विषय में आवश्यक जानकारी दी गई है :— भंडारण, धरना—उठाना, सेबल लगाना, निरुपयोगी पदार्थ का निपटान टैंकियों की सफाई और भस्मक कचचारियों का चुनाव और उन का प्रशिक्षण, व्यक्तिगत बचाव के उपकरण, और प्राथमिक चिकित्सा । (मूल्य रु० 5.50)
20	IS : 5329—1969 इमारतों में जमीन से ऊपर सेनीटरी पाइप कार्य की रीति संहिता ।	—	इस संहिता में जमीन से ऊपर इमारतों के बाहर और भीतर जहाँ भी हो, मल, गंदे पानी और संतानन पाइपों की डिजाइन और उनकी स्थापना के विषय में विवरण दिया गया है । (मूल्य रु० 7.50)
21	IS : 5338—1969 यूस्टेकी भूख निष्कासन यंत्र की विशिष्टि ।	—	मानक में यूस्टेकी भूख निष्कासन यंत्र के विषय में माप सम्बन्धी तथा अन्य प्रपेक्षाएँ निर्धारित की गई हैं । (मूल्य रु० 3.00)

(1)	(2)	(3)	(4)
22	IS : 5341—1969 बोजाइल-क्लोराइड, तकनीकी, की विशिष्ट ।	—	इस मानक में बोजाइल क्लोराइड तकनीकी के विषय में अपेक्षाएँ और बानगी लेने तथा परीक्षण की पद्धतियाँ निर्धारित की गई हैं । (मूल्य रु० 7.00)
23	IS : 5361—1969 दिष्ट धारा के लिए पालीएस्टर फिल्म डाइइलेक्ट्रिक कैपेसिटर्स की विशिष्ट ।	—	इस मानक में 6300 वोल्ट से अधिक रेटेड वोल्टता वाले आवश्यक रूप से डी सी के लिए डिजाइन किए गए अचर कैपेसिटर्स लिए गए हैं । इन में डाइइलेक्ट्रिक के रूप में पॉलीइथाइलीन टेट्रेफ्थालेट अथवा ऐसी ही गुणधर्मों वाला कोई अन्य पदार्थ उपयोग किया गया है । (मूल्य रु० 8.00)
24	IS : 5382—1967 गैस मेन्स, पानी के मेन्स और सीवरों को सील करने के रबड़ के छल्ले ।	—	इस मानक में गैस मेन्स, पानी के मेन्स सीवरों को सील करने के बल्कनीकृत रबड़ के छल्लों के बारे में अपेक्षाएँ तथा बानगी लेने और परीक्षण की पद्धतियाँ दी गई हैं । (मूल्य रु० 4.00)
25	IS : 5386—1969 जलयानों के लिए सामान्य कार्य डेविट की विशिष्ट ।	—	इस मानक में जलयानों में लगे हल्के सामान्य कार्य ड्यूटी वाले डेविटों के विषय में अपेक्षाएँ निर्धारित गई हैं । (मूल्य रु० 2.50)
26	IS : 5401—1969 खाद्य पदार्थों में फ्लाक्सीफार्म बैक्टीरिया पता करने तथा अनुमान लगाने की पद्धतियाँ ।	—	इस मानक में खाद्य पदार्थों में कालीफार्म बैक्टीरिया का पता करने तथा अनुमान लगाने की पद्धतियाँ निर्धारित की गई हैं । (मूल्य रु० 5.00)

(1)	(2)	(3)	(4)
27	IS : 5402—1969 खाद्य पदार्थों में बैक्टीरिया के प्लेट काउंट की पद्धति ।	—	इस मानक में खाद्य पदार्थों में बैक्टीरिया का प्लेट-काउंट निकालने की पद्धति दी गई है । (मूल्य रु० 5.00)
28	IS : 5436—1969 गर्म मिश्रण एस्फाल्ट और बिट्यूमिनी मैकेडम संयंत्र के लिए तेल से गर्म होने वाले घूर्णक शोषित्रों की परीक्षण पद्धति ।	—	इस मानक में लघातार और खोपों, दोनों में काम करने वाले तेल से गर्म होने वाले मिलावा के लिए घूर्णकशोषित्रों की परीक्षण करने तथा परिणाम लिखने की पद्धतियां दी गई हैं । इस मानक में जहां परीक्षण की विशेष स्थितियां नहीं दी गई वहां के लिए गाढ़ी एस्फाल्ट कंक्रीट और बिट्यूमिनी मैकेडम तैयार करने की अपेक्षाओं सम्बन्धी सिफारिशों परीक्षण-स्थितियां भी काम के लिए दी गई हैं । जिन के आधार पर निर्माणकर्ता शोषित्रों का उत्पादन बता सकें । (मूल्य रु० 5.00)
29	IS : 5437—1969 तार-पड़ा और चित्रिल कांच ।	—	इस मानक में तार पड़े कांच, तार पड़े और चित्रिल कांच और चित्रिल कांच के विषय में अपेक्षाएं और बातगी लेने की तथा परीक्षण की पद्धतियां दी गई हैं । (मूल्य रु० 2.50)

For workmen—1. Sri D. L. Sengupta, Advocate and 2. Sri Shanker Bose, Secretary, C.M.S.

INDUSTRY: Coal

STATE: Bihar,

Dhanbad, dated the 20th August, 1970

AWARD

1. The Central Government being of opinion that an industrial dispute exists between the employers in relation to the Kankanee Colliery of Messrs Karamchand Thapar and Brothers (Private) Limited, Post Office Bhowra, District Dhanbad and their workmen, by its order No. 2/110/68-LRII dated the 5th August, 1968 referred to this Tribunal under section 10(1)(d) of the Industrial Disputes Act, 1947 for adjudication the dispute in respect of the matters specified in the schedule annexed thereto. The Schedule is extracted below:

SCHEDULE

“Whether the management of Kankanee Colliery of Messrs Karamchand Thapar and Brothers (Private) Limited, Post Office Bhowra, District Dhanbad, was justified in terminating the services of the following five workmen with effect from the 31st March, 1968, without paying any compensation due in view of their long services. If not, to what relief are these workman entitled?”

1. Shri Somara Chamar, W.E. Khalasi.
2. Shri Jugal Pramanic, Weigh Bridge Peon.
3. Shri Khirodhar Barhee, Mining Sirdar.
4. Shri G. C. Banerjee, Overman.
5. Shri Deo Narain Panday, Store Peon.”

2. The Colliery Mazdoor Sangh filed the written statement on 14th October, 1968 on behalf of the workmen and their rejoinder on 25th January, 1969. Their case is that the Kankanee Colliery was originally owned by the Eastern Coal Co. Ltd. The other collieries owned by the said Company were Amlabad Colliery, Bhowrah Colliery and Pootkee Colliery. The said collieries were purchased by the Bhowra Kankanee Collieries Ltd., in the year 1954 and that M/s. Karamchand Thapar and Bros. (P) Ltd, were the Managing Agents, of the said Bhowra Kankanee Collieries Ltd.

3. The workmen of the Kankanee Colliery and other collieries continued in service, without any interruption, in spite of the aforesaid change of management. The workmen of the Kankanee Colliery had no retiring age in their standing

orders, at any time, nor there was any service rule fixing the age of superannuation till December, 1954, when the new management assumed authority and control. The new management wanted to introduce the rules of service of Karamchand Thapar and Bros. (P) Ltd. in the case of the workmen of Kankane Colliery with effect from 1955, which, *inter alia*, provided for retirement at the age of 55 years, when there was no retiring age before, and the workmen were entitled to continuing service till they were physically fit, irrespective of age.

4. As against this service rule of M/s. Karamchand Thapar and Bros. (P) Ltd., there was a serious resentment amongst the workmen of the company in all the four aforesaid collieries, and the union, served a strike notice on 24th December, 1954, containing their charter of demand. Item No. 5 of the said charter of demand was to the effect that the employees of the above four collieries should not be governed by the service rules of Karamchand Thapar and Bros. (P) Ltd. The certified standing orders in force for the colliery should only be followed.

5. On 14th January, 1955 there was an agreement between the employers and the workmen in which the said item No. 5 of the demand was settled on the terms "agreed that the other demands are dropped by the Union."

6. The case of the union is that the Union dropped other demands particularly demand No. 5, as according to them it could be so done in view of the stipulation in the agreement in item No. 3 which was to the effect "agreed that the existing service conditions and facilities will be continued, excepting pension, the responsibility for which will be borne by Eastern Coal Co. Ltd."

7. In an earlier adjudication, the workmen of the company raised an industrial dispute against the introduction of the service rule of Karamchand Thapar and Bros. (P) Ltd. upon them, to their prejudice, contending that the item No. 5 of the agreement should be read with item 3 of the agreement and there was no point in pressing for item No. 5 of the demand which was already covered by item No. 3 of the agreement. But the Tribunal and the Supreme Court held against the workmen and the reference of the decision of the Supreme Court in Civil Appeal No. 90 of 1966, shall be made at the time of hearing, for its proper meaning and implication.

8. The Company terminated the services of the concerned workmen *viz.* (1) Sri Somara Chamar (2) Sri Jugal Paramanik (3) Sri Khirodhar Barhi (4) Sri G. C. Banerjee and (5) Sri Deo Narayan Pandey with effect from 31st March, 1968, on the plea of completion of fifty eight years of age, in terms of the revised rules of the Karamchand Thapar and Bros. (P) Ltd.

9. The Union *vide* letter dated 3rd April, 1968 to the Assistant Labour Commissioner (C), Dhanbad recorded its protest against the aforesaid action of the company and desired his intervention in regard to the termination of the aforesaid five workmen, and there the case of the union was that the standing orders do not provide for superannuation at any age and that the compulsorily retiring the workmen on the attainment of any age without payment of any gratuity is unfair and unjustified.

10. The Union by its letter to the Assistant Labour Commissioner, Dhanbad dated the 10th June, 1968, challenged the said action of the Company in regard to the five concerned workmen on various other grounds. It was also alleged on behalf of the union that in fact the aforesaid workmen were below fifty years of age and the alleged records of the Company in this regard were *mala fide*, capricious and arbitrary.

11. The case of the union is that the Supreme Court has laid down in its earlier decision, reported in 1967 (1) L.L.J. 715 to the effect that the Karamchand Thapar and Bros. (P) Ltd. service rules of superannuation will be applicable to the workmen of the collieries in terms of the agreement of 14th January, 1955 only till such time as the agreement was not validly terminated. Accordingly the case of the Union is that the agreement dated 14th January, 1955 was terminated by their letter dated the 18th January, 1968.

12. Therefore, the case of the Union is that the aforesaid concerned five workmen whose services have been terminated on completion of fifty eight years of age, had not completed fifty eight years on the date of their retirement and as such the alleged retirement was illegal unjustified, and *mala fide*. It was further contended that none of these concerned five workmen has been paid any retrenchment compensation as provided under section 25 F of the Industrial Disputes Act, 1947 and as such it was a case of illegal retrenchment.

13. The aforesaid five concerned workmen had no retiring age when they were appointed and were never agreeable to any retiring age being fixed in their case. In view of the notice of termination of the agreement dated 14th January, 1955 the said workmen could not be governed by any provision in the service rules of M/s. Karamchand Thapar and Bros. (P) Ltd. It was further contended by the Union that in that there were many workmen with more than fifty eight years or sixty years of age in the colliery in question which clearly demonstrates that in spite of the alleged agreement of 14th January, 1955 and the service rules of M/s. Karamchand Thapar and Bros (P) Ltd., there was no retiring age in force in the company and the whole thing was done arbitrarily and in a discriminatory manner, amounting to unfair labour practice.

14. On these grounds the union has prayed that it may be declared that the termination of service of the five concerned workmen is illegal, unjustified, *malafide* and that the workmen should be reinstated with full back wages.

15. The employers filed written statement on 6th December, 1968. Their case is that Bhowra, Kankanee, Amlabad and Pootkee Collieries were previously owned by M/s. Eastern Coal Co. Ltd. On 1st January, 1955 the said collieries were purchased by M/s. Bhowra Kankanee Collieries Ltd. of which M/s. Karamchand Thapar and Bros. (P) Ltd. are the managing agents. M/s Karamchand Thapar and Bros. (P) Ltd. had its service rules and which service rules, by its rule 1, are applicable to the collieries under the management and control of the managing agents. In the said service rules there is a clause, rule 11(c), which relates to superannuation and consequent retirement of an employee on attaining the age of superannuation. In 1955 the age of superannuation was 55 years and this was increased to 58 years by a decision of the Tribunal which was later confirmed by the High Court.

16. The Karamchand Thapar and Bros. (P) Ltd. had made it clear to the employees of these collieries while taking over from the vendor company that its service rules would apply to the employees taken over in these collieries, Bhowra Amlabad, Pootkee and Kankanee. The workmen, through their Union Colliery Mazdoor Sangh, gave a strike notice on 24th December 1954 and therewith submitted a charter of eight demands.

17. In the course of conciliation proceedings a settlement was arrived at on 14th January, 1955 and the matter relating to pension as responsibility of the vendor company finds mention in the settlement. The union representing the workmen had dropped the demand regarding the employees of the said four collieries not to be governed by the service rules of M/s. Karamchand Thapar and Bros. (P) Ltd. i.e. demand No 5 of the charter of demands, whereby the workmen accepted the service rules of M/s. Karamchand Thapar and Bros. (P) Ltd. which came to govern the service conditions of the employees of the said four collieries and were therefore, accepted as contract of employment.

18. The age of workmen concerned, when they were retired on 31st March, 1968, in terms of the service rules, which formed contract of employment, was above 58 years. The management has acted in consonance with the provisions of the said service rules and its action is *bonafide* and justified.

19. On retirement the workmen concerned are entitled to get (i) gratuity as per clause 29 of K.C.T. Service Rules (ii) Pension from M/s. Eastern Coal Co. Ltd. and (iii) Provident Fund Accumulations

20. Therefore, according to the management the concerned workmen are not entitled to any other relief.

21. On behalf of the management two witnesses were examined viz. Sri K. C. Nandkeoyar, Dy. C.P.O. and Sri R. N. Nairh, who is an Assistant in the office of the Coal Mines Provident Fund, Commissioner Dhanbad. 18 items of documents were also exhibited and they are marked as Ext. M-1 to M-18. On behalf of the workmen 2 witnesses were examined viz. Sri Somra Chamar and Sri Khro-dhar Barhi. Both are the concerned workmen and 9 items of documents have been exhibited and they are marked as Ext. W-1 to W-9.

22. The point for determination is whether the management was justified in terminating the services of the aforesaid five workmen with effect from 31st of March, 1968 without paying any compensation?

23. There are certain admitted facts in this case. Originally the colliery belonged to the Eastern Coal Co. Ltd. It was purchased by Messrs. Bhowra Kankanee Collieries Ltd. from January, 1, 1955. Messrs Karamchand Thapar and

Bros. (P) Ltd. are the managing agents of the purchasing company. The workmen became apprehensive about their future on account of this transfer and were afraid that the terms and conditions of service prevalent in companies under the management of Messrs Karamchand Thapar and Bros. (P) Ltd. might be applied to them in place of the existing terms and conditions of service with the selling company which were more favourable. Therefore, just before, the transfer the workmen of this colliery served a notice on the management that they would strike from January, 10, 1955 unless certain demands made by them were met.

24. The workmen served a strike notice containing their charter of demands on 24th December, 1954. Eight demands were raised in that charter. For purposes of this dispute we need only mention demands (1), (2), (3) and (5) which were as follows:—

- “(1) That the service conditions of all the employees including their grading, increments, leave, etc., should remain unaltered under the management of the purchaser company.
- (2) That the existing facilities and the privileges including medical facilities, free supply of kerosene, electricity, accommodation and other materials should not be curtailed after 31st December, 1954.
- (3) That the privilege of pension scheme which forms one of the service conditions should remain in force even after the change-over and the employees who are being retrenched or forced to retire should get retrenchment compensation over and above the pension due. The purchaser company should also be held responsible for payment of all such pensions.
- (5) That the employees of the above four collieries should not be governed by the service rules of Karamchand Thapar and Bros. (P) Ltd. The certified standing orders in force for the colliery should only be followed.”

25. On 14 January, 1955, there was an agreement between the employers and the workmen which was reduced into writing. This agreement contained five terms out of which only terms (3) and (5) need be mentioned as they are relevant for purposes of this dispute; they are as follows:—

- “(3) Agreed that the existing service conditions and facilities will be continued, excepting pension, the responsibility for which will be borne by Eastern Coal Company Ltd. according to the existing rules and that the question of payment of pension is now left over for amicable settlement between Eastern Coal Company Ltd., and the union. Agreed also that Bowra Kankanee Collieries, Ltd., will have no liability regarding pension for past and future services of workmen.
- (5) Agreed that the other demands are dropped by the union.”

26. In an earlier adjudication, reported in 1967 (I) L.L.J., page 715, the Supreme Court had held that the Karamchand Thapar and Bros. (P) Ltd. service rules of superannuation were applicable to the workmen of the aforesaid collieries in terms of the agreement on 14th January, 1955 till such period, as the agreement was not validly terminated. In that case their Lordships of the Supreme Court held that there was an agreement on the above point on 14th January, 1955 and that no notice was served by either party terminating this settlement and consequently, this settlement continued in force.

27. The case of the union is that by letter dated the 18th of January, 1968 addressed by the Secretary of the Union to the management of Bhowra Kankanee Colliery they gave notice of their intention to terminate their said settlement dated 14th January, 1955 with effect from 18th March, 1968. Therefore, according to the union since the agreement dated 14th January, 1955 has been terminated by the notice dated 18th January, 1968 the Karamchand Thapar and Bros. (P) Ltd. rules providing *inter alia* for compulsory retirement are no longer in force with effect from the 18th of March, 1968. Therefore, according to the Union the Supreme Court judgment reported in 1967 (I) L.L.J., page 715 is not applicable to the present dispute.

28. Therefore, the first point for consideration in this case is whether the agreement dated 14th January, 1955 (Ext. M-3) has been validly terminated by the notice dated the 18th of January, 1968 (Ext. W-5)?

29. According to the Union it was valid notice as contemplated under section 19(2) of the Industrial Disputes Act, 1947.

30. Ext. M-3 is the terms of settlement between the management and the workmen represented by the Colliery Mazdoor Sangh. It is signed by the Secretary and Vice President of the Union and also by the Eastern Coal Co. and M/s. Bhowra Kankanee Collieries. It also bears the signature of the Conciliation officer, Dhanbad. According to the Union this settlement was terminated by notice dated 18th January, 1968. Ext. M-5 is the letter addressed by Sri S. Das Gupta, Secretary, Colliery Mazdoor Sangh to the Chief Agent, M/s. Bhowra Kankanee Collieries Ltd. and a copy has also been endorsed to the Eastern Coal Co. Ltd. According to the Union the settlement dated 14th January, 1955 has been terminated by this notice Ext. W-5 which is a notice contemplated under section 19(2) of the Industrial Disputes Act, 1947. Section 19(2) of the Industrial Disputes Act, 1947 runs as follows:

"Such settlement shall be binding for such period as is agreed upon by the parties, and if no such period is agreed upon, for a period of six months from the date on which the memorandum of settlement is signed by the parties to the dispute and shall continue to be binding on the parties after the expiry of the period aforesaid, until the expiry of two months from the date on which a notice in writing of an intention to terminate the settlement is given by one of the parties to the other party or parties to the settlement."

31. According to the management Ext. M-3 (settlement) was not validly terminated by notice dated 18th January, 1968 (Ext./W-5) as the Eastern Coal Co. was not a party on Ext. W-5.

32. The admitted fact in this case is that on 1st January 1955 the Eastern Coal Co. Ltd. sold the four collieries to M/s. Bhowra Kankanee Collieries Ltd. It is also admitted that the Bhowra Kankanee Collieries Ltd. took over the said four collieries as going concern and agreed to treat the service of the concerned workmen of the 4 collieries as continuous with their past services and agreed to take all the responsibility for retrenchment compensation while the responsibility for payment of pension remained that of the Eastern Coal Co. Ltd. Therefore, the transfer of the collieries took effect from 1st January, 1955.

33. In this dispute we are not concerned with the question of pension and therefore, the Eastern Coal Company can not be deemed to be either a necessary party or proper party. The Eastern Coal Company had sold the collieries on 1st January 1955 and since that date of change of ownership the Eastern Coal Company ceased to be in management. The Eastern Coal Co. were the signatory on the settlement Ext. M-3 as a outgoing Proprietor. After the transfer on 1st January 1955 the responsibility of the Eastern Coal Company was only in respect to the payment of pension which is not the point of dispute here in this case and therefore, the Eastern Coal Company cannot be said to be a necessary party, or a proper party.

34. The Award made by Sri Salim M. Merchant in reference No. 41 of 1958 in the case brought by Sri S. C. Chakravorty against the Kankanee Colliery is reported in 1959 (II) L.L.J., page 460. From the perusal of the fact in that case we find that the Eastern Coal Company went into voluntary liquidation by a special resolution passed at an extraordinary general meeting of its members held at Calcutta on 26th June, 1958 i.e. 10 years before the date of the Government Notification dated the 5th of August, 1968 referring the present dispute for adjudication.

35. Therefore, in this case I find that the cause of action arose at the time when the business had been closed. There could be no industrial dispute with regard to a business which was not in existence. The Industrial dispute to which the provisions of the Act apply is only one which arises out of an existing industry. Where business has been closed and closure is real and bonafide, any dispute relating thereto arising after the closure, is outside the purview of the Act.

36. In this view of the case the Eastern Coal Company was not a necessary party and I hold that the agreement Ext. M-3 has been validly terminated in accordance with the provision of the Act by the notice dated 18th January 1968 Ext. W-5.

37. It was contended on behalf of the union that none of the concerned 5 workmen whose services have been terminated on the plea of reaching the so called age of retirement, completed fifty eight years on the date he was made

to retire. The case of the management on this point is mentioned in paragraph 5 of their written statement and I reproduce the same in extenso:—

"That the ages of workmen concerned, when they were retired on 31st March, 1968, in terms of the Service Rules, which found contract of employment were as under:

	Date of Birth	Ages as on 31-3-68
1. Sri Somra Chamar	2-12-1908	59 years
2. „ G.C. Banerjee	1-7-1903	65 „
3. „ Khirodhar Barhi	19-4-1905	63 „
4. „ Jugal Pramanic	18-10-1908	59 „
5. „ Dev Narain Pandey	25-12-1903	63 „

38. According to the management their services have been terminated by notice Ext. M-16 series dated 4th January 1968 as they had completed 58 years of age on that date. The management has relied upon Ext. M-18 which are the declarations of persons employed in Coal Mines in connection with the Coal Mines Provident Fund. In this declaration date of birth of the concerned workmen have been given and the management had relied on the date of birth as given in those declaration forms (Ext. M-18 series). According to the management these declarations were made by the concerned workmen at the time they were being made member of the Coal Mines Provident Fund. The management further stated that these declarations were made by the concerned workmen when the Eastern Coal Company were the Proprietor and the Karamchand Thapar & Bros. (P) Ltd. were not in picture.

39. The contention on behalf of the Union is that the statement were made by the official of the management and that there is no statement of the concerned workmen or their Guardian. Out of the 5 concerned workmen Sorma Chamar, WW-1 and Khirodhar Barhi, WW-2 have been examined. But their oral testimony on the point of age is vague. It is difficult to place any reliance on their oral testimony on the point of age.

40. In the case of Indian General Navigation & Rly. Co. and their workmen, reported in 1965 (II) L.L.J., page 437 the concerned workmen had subscribed to an agreement containing the declaration about the date of his birth for the purpose of provident fund accounts, on the strength of which the employers fixed his age and retired him and under the similar circumstances their Lordship treated the date of birth as given in the declaration of Provident Fund Account as correct.

41. This declaration of age was given at the time when the Eastern Coal Company Ltd. were the Owners. There is no reasonable explanation that the declaration made by the concerned workmen was wrong. Under these circumstances the management is justified in relying upon the declaration for determining the age of the concerned workmen for the purpose of their compulsory retirement.

42. Therefore, the age given by these 5 concerned workmen at the time of enrolment towards the Provident Fund Accounts are accepted as correct.

43. The case of the Union is that the service condition of the concerned 5 workmen is not governed by the present service rules of Karamchand Thapar & Bros. (P) Ltd, as their original appointment was under the Eastern Coal Company Ltd. and while taking over, the Bhowra Kankanee Collieries had agreed to continue their service without making any change in the condition thereof, and they are governed by the certified standing orders under the Industrial Employment (Standing Orders) Act 1946 (Ext. W-9) which was applicable to the workmen of the Kankanee Colliery and the aforesaid Standing Orders do not provide any stipulation or age of retirement. According to the management the superannuation of these concerned five workmen was valid and proper as they were governed by the service rules of the Karamchand Thapar & Bros. (P) Ltd. and the Service Rules of Karamchand Thapar & Bros. (P) Ltd. provide for superannuation of a workman reaching the age of 58 years.

44. Therefore, the important point for consideration is whether these 5 concerned workmen were governed by the Service Rules of Karamchand Thapar & Bros. (P) Ltd. or they were governed by the Certified Standing Order under the Industrial Employment Orders Act, 1946?

45. A point was raised by the Union during the argument that the Karamchand Thapar & Bros. (P) Ltd. were not the Managing Agents of Bhowra

Kankanee Collieries either on 1st January, 1955 or 14th January, 1955. Therefore, the question of applicability of the service rules of Karamchand Thapar & Bros. (P) Ltd. does not arise, and since they were not the managing agents on the relevant dates their service rules can not be made applicable to these 5 concerned workmen.

46. Ext. W-1 is the Article of Association of M/s. Bhowra Kankanee Collieries Ltd. It was at first registered on 20th November 1954 under the Indian Co's Act, 1913. It was submitted before me that in this Article of Association under the Co's Act, 1913 there was no provision that the Bhowra Kankanee Colliery has appointed Managing Agents for themselves. A fresh Article of Association was adopted by special resolution passed at its ordinary general meeting held on 20th July 1959. It was submitted before me that for the first time it made provision to appoint Managing Agents. It was further submitted before me that the Karamchand Thapar & Bros. (P) Ltd. was not the Managing Agent according to the Article of Association which was registered on the 20th of November, 1954 under the Indian Co's Act, 1913.

47. We need not to discuss here the mode of appointment of Managing Agent under the Indian Co's Act, 1913 and under the Indian Co's Act, 1956. The point is that this issue whether the Karamchand Thapar and Bros. (P) Ltd. were the managing agents of Bhowra Kankanee Collieries Ltd. is concluded on the pleadings of the parties. In para 3 B of the written statement of the employers the case of the management was that on 1st January, 1955 the said collieries were purchased by M/s. Bhowra Kankanee Collieries Ltd. of which M/s. Karamchand Thapar and Bros. (P) Ltd. were the managing agents. In this connection I refer to paragraphs 2 and 3 of the Union's writ on statement which run as follows:—

"2. That the said collieries were purchased by the Bhowra Kankanee Collieries Ltd. in the year 1954.

3. That M/s. Karamchand Thapar and Bros. (P) Ltd. were the Managing Agents, of the said Bhowra Kankanee Collieries Ltd."

48. In the previous case brought by Sri S. C. Chakravorty against the Bhowra Kankanee Collieries Ltd. the case of Sri Chakravorty was that the aforesaid 4 collieries of Eastern Coal Co. Ltd. were sold to Bhowra Kankanee Collieries Ltd. of which M/s. Karamchand Thapar and Bros. (P) Ltd. were the Managing Agents [vide 1959 (II) L.L.J., page 460 at page 461. This case went up to the Supreme Court and there also Sri Bhargava J. observed that it was purchased by M/s. Bhowra Kankanee Collieries Ltd. from 1st January, 1955 and that M/s. Karamchand Thapar and Bros. (P) Ltd. were the Managing Agents of the purchasing Co. Therefore, in the previous case also this point was admitted that the Karamchand Thapar and Bros. (P) Ltd. were the managing agents of M/s. Bhowra Kankanee Collieries Ltd. and this further concluded by the pleading of the parties. Therefore, I held that at the relevant time M/s. Karamchand Thapar and Bros. (P) Ltd. were the Managing Agents of Bhowra Kankanee Collieries Ltd.

49. The most important point for determination here is whether the service rules of M/s. Karamchand Thapar and Bros. (P) Ltd. applied to these 5 concerned workmen?

50. According to the Union these 5 concerned workmen were not governed by the present service rules of M/s. Karamchand Thapar and Bros. (P) Ltd. as their original appointment was under the Eastern Coal Co. Ltd. and while taking over this Co. i.e. Bhowra Kankanee Collieries Ltd had agreed to continue their service without making any change in the condition thereof. Therefore, the termination of their services by K.C.F. had amounted to retrenchment as defined under section 2(00) of the Industrial Disputes Act, 1947 and that as per the provisions under section 25 F the retrenchment was illegal. Therefore, according to the Union the service rules of Karamchand Thapar and Bros. (P) Ltd. do not apply in the case of these 5 concerned workmen. But they were governed by the service condition of Eastern Coal Co. of which their services were continued by the Bhowra Kankanee Collieries Ltd. The concerned workmen were governed by the certified standing order framed under the Industrial Employment (Standing Orders) Act, 1946 for all the collieries in Bihar. These Standing Orders do not provide any stipulation or age of retrenchment. Therefore, according to the Union the superannuation of these 5 concerned workmen had amounted to retrenchment under section 2(00) of the Industrial Disputes Act, 1947.

51. The Co's contention is that the superannuation of these 5 concerned workmen was valid and proper as the service rules of Karamchand Thapar and Bros. (P) Ltd. were applicable to them.

52. The Service Rules of Karamchand Thapar & Bros. (P) Ltd., is marked as Ext. M-1. The first rule runs as follows:—

"These rules shall be referred to as the service Rules, and apply to all the Employees of Messrs Karamchand Thapar & Bros. (P) Ltd., and also to the employees of all the Companies under their Management and control, and shall, *mutatis mutandis* apply to all their Branches and offices, Mills, Factories, Collieries and other Works wherever situate, except in so far and to the extent, it is otherwise agreed upon by agreement or letter of appointment in any case, or to the extent they are modified by any Standing Orders under the Industrial Employment (Standing Order) Act of 1946, or any other statute for the time being in force and applicable to any office, Mills, Colliery or works or to an employee or group of employees. Same as modified by agreement or by Standing Orders or by law as aforesaid, these rules shall apply to the employees above mentioned. Any breach of the Service Rules by an employee shall be a breach of contract of service."

53. It will thus be seen that this Service Rules themselves provide that they are not applicable to the employees in the collieries to which Certified Standing Orders under the Industrial Employment (Standing Orders) Act, 1946 are applicable.

54. MW-1 Sri K. C. Nandkeolyar, Dy., C.P.O. of Karamchand Thapar and Bros. (P) Ltd., in his evidence had stated as follows:—

"In respect to 4 collieries we follow the general standing order (Ext. M-9)."

55. It was therefore, submitted before me, on behalf of the Union that the Service Rules of Karamchand Thapar and Bros. (P) Ltd., did not apply to these 5 concerned workmen and that they were governed by the certified standing orders applicable to the Bhowra Kankanee Collieries Ltd., which admittedly do not provide any age of retirement. It was further submitted before me that the case of the present 5 concerned workmen amounted to illegal retrenchment and not retirement.

56. It was also submitted before me that broadly, the termination of the services of a workman which is not inflicted by way of disciplinary action or which is not a case of voluntary retirement, superannuation or termination of the services on account of ill-health, will fall within the definition of retrenchment. It was further submitted before me that section 25 F constitute 3 conditions for being a valid retrenchment namely:—

(a) One month's notice pay (b) compensation equivalent to fifteen day's average pay for every completed year of continuous service (c) notice to the appropriate Government in the prescribed manner.

It was therefore, argued that since the requirements prescribed by section 25-F are not fulfilled it will amount to illegal retrenchment.

57. It was further submitted before me on behalf of the union regarding clause 11(c) of the service rules of Karamchand Thapar and Bros. (P) Ltd., which runs as follows:

"All the employees shall retire from service of the Company on the 31st March, immediately following the completion of their 58 years of age. The Company, however, at its sole discretion may re-employ such of the retired employees as they may consider necessary."

58. It was submitted before me, that that the Company had given a go-bye to this provision of the Service Rules.

59. MW-1 has stated in his evidence that the labour strength of these four collieries might be 10,000.

60. The provisions of section 11(c) was applied for the first time in the case of S. C. Chakravorty which went upto the Supreme Court. It was next applied in the case of 10 workmen covered under reference No. 60 and 61 and this case also went upto the Supreme Court vide the case reported in 1967 (1) L.L.J. at page 714. Thereafter, the provision of Section 11(c) of the Service Rules was applied

in the case of present five concerned workmen which includes 3 workmen mentioned in reference Nos. 60 and 61. Therefore, it was argued before me that during this period of 10 years from 1955 to 1965 out of 10,000 employees only 13 workmen were superannuated by the management. It was submitted before me that the employers themselves were not certain about the applicability of clause 11(c) of the Service Rules and had applied as test case in the case of these 13 workmen. Had 11(c) of the service rules been applied universally to all the persons reaching the age of superannuation, much more workmen would have been superannuated.

61. On this ground it was argued that there was lack of bona fides on the part of the management in superannuating these concerned 5 workmen. It is admitted that these concerned 5 workmen were at first under the employment of the Eastern Coal Co., Ltd., in the year 1955 and that they were governed by the Certified Standing Orders (Ext. W-9). Therefore, I hold that the system of compulsory retirement introduced by clause 11(c) of the Service Rules of Karamchand Thapar and Bros. (P) Ltd., cannot justifiably be enforced against these 5 concerned workmen who had joined the services of the Co., before coming into force of the service rules of Karamchand Thapar and Bros. (P) Ltd., Therefore, under these circumstances the rule fixing the age of superannuation at 58 years cannot be applied to these 5 concerned workmen who were already in service since the time of Eastern Coal Co., Ltd.

62. I therefore, hold that the Service Rules of Karamchand Thapar and Bros. (P) Ltd., did not apply to these five concerned workmen and that they are governed by the certified standing orders applicable to the Bhowra Kankance Collieries which admittedly do not contain any stipulation on the point of retirement or the age of retirement.

63. The jurisdiction of the Industrial Tribunal in dealing with industrial disputes referred to it under section 10, is limited by section 10(4) to the points specifically mentioned in the reference and the matters incidental thereto. Section 10(4) lays down that the adjudicatory authorities must confine their adjudication to the points of dispute referred and matters incidental thereto. In other words, the adjudicator is not free to enlarge the scope of the dispute referred to him but must confine his attention to the points specifically mentioned and anything which is incidental thereto.

64. The question as to the scope of a reference is always one of fact and depends for its answer on the facts and circumstances of each particular case. If it is ascertained as to what is the reference and what is the dispute between the parties, it is usually easy to decide what are the matters which the Tribunal is called upon to decide.

65. In the case of Delhi Cloth and General Mills Co., V. their workmen reported in 1967 (I) L.L.J., page 423 their Lordships of Supreme Court have observed as follows:--

"While it is open to the appropriate Government to refer the dispute or any matter connected therewith for adjudication, the Tribunal must confine its adjudication to the points of dispute referred to and matters incidental thereto. In other words the tribunal is not free to enlarge the scope of the dispute referred to it but must confine its attention to the points specifically mentioned and anything which is incidental thereto."

In the leading case of Guest, Kean Williams, (Pvt.) Ltd., Vs. P. J. Sterling reported in 1959 (II) L.L.J., page 403 their Lordships observed that there was no fixed age of retirement in the concern before the date when the Standing Orders of the concern came into force and fixed the age of retirement at 55 years the rule fixing the age of superannuation at 55 years could not, in fairness, be applied to employees who were already in service when the rule came into force. But it was further observed that it did not mean that there should be no rule of superannuation at all in regard to the employees who had joined the concern before the standing order fixing the age of superannuation came into force. Their lordships were of the opinion that in fixing the age of superannuation Industrial Tribunal have to take into account several relevant factors. What is the nature of the work assigned to the employees in the course of their employment? What is the nature of Wage Structure paid to them? What are the retirement benefits and other amenities available to them? What is the Character of the climate where the employees work and what is age of superannuation fixed in comparable industries in the same region? What is generally the practice prevailing in the industry in the past in the matter of retiring its employees? These and other relevant

facts have to be weighed by the Tribunal in every case when it is called upon to fix an age of superannuation in any industrial dispute. In that case considering all the circumstances it was held that it was reasonable and fair to hold that the employees concerned in the instant case should retire at the age of 60 years.

67. It is to be noted that the Coal Mines Regulation, 1957 provide for sixty years of age and more subject to physical fitness, for certain categories i.e., Mining Sidar, Overmen, Winding Engine Khalasi.

68. MW-1 Sri K. C. Nandkeolyar, Dy. C.P.O of Karamchand Thapar and Bros. (P) Ltd., has stated in his evidence that the recommendations of the Central Wage Board have been implemented in respect to the aforesaid 4 collieries and that there is a scheme for gratuity in the recommendation of the Wage Board. In that recommendations it has also been mentioned that 60 years will be the age of retirement if the gratuity is paid.

69. In these circumstances I hold that the rule of retirement in the Co., concerned should be 60 years for employees who entered in the service of the Company before the Standing Orders came into force i.e., in respect to the 5 concerned workmen.

70. Out of the concerned 5 workmen, the recorded date of birth of S/Shree Jugal Parmanic, Khirodhar and Deo Narain Pandey the workmen mentioned in serial Nos. 2, 3, and 5 of the schedule of reference is 1st July, 1903, 19th April, 1905 and 25th December, 1903 respectively. Accordingly on the 31st March, 1968 the date their services were terminated as per notice (Ext. M-16 series), they had already completed/crossed the age of 60 years. Therefore, these three concerned workmen mentioned in serial Nos. 2, 3, and 5 are not entitled to any relief other than the relief of gratuity.

71. As regards remaining two concerned workmen i.e., Sarvashree Somra Chamar and G. C. Banerjee the workmen mentioned in serial Nos. 1 and 4 respectively, their respective date of birth is 2nd December, 1908 and 19th October, 1908. Therefore, as on the 31st March, 1968 these two concerned workmen had not yet reached the stipulated age of 60 years. The notice of termination of their service, served upon them on 4th January, 1968 (Ext. M-16 series), terminating their services with effect from the 31st March, 1968, is therefore, not considered to be in order. They were entitled to be continued in service till 1st December, 1968 and 18th October, 1968 the date they were reaching the age of 60 years respectively. Hence S/Shree Somra Chamar and G. C. Banerjee, the workmen concerned in serial Nos. 1 and 4, are entitled to receive compensation equal to their respective wages and all other benefits including contribution to Provident Fund, etc., which they would have drawn had they been continued in service during the period from 31st March, 1968 to 2nd December, 1968 and 31st March, 1968 to 18th October 1968 respectively together with the benefit of continuity of service, plus the usual retirement gratuity. However, as per stand of the management it is stated that the service of Shri G. C. Banerjee, workman mentioned in serial No. 4, were retained even after the 31st March, 1968. So the wages and other benefits drawn by Shri G. C. Banerjee during his re-employment in between 31st March, 1968, to 18th October, 1968, may be adjusted against his entitlements as per this award.

72. I therefore, hold that the concerned five workmen are entitled to compensation as mentioned above.

73. This is my award. It may be submitted to the Central Government under section 15 of the Industrial Disputes Act, 1947.

S.O. 3265.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947) the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Calcutta, in the industrial dispute between the employers in relation to the management of Real Jambad Colliery, Post Office Bahula, District Burdwan and their workmen, which was received by the Central Government on the 15th September, 1970.

CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL, CALCUTTA

REFERENCE No. 22 OF 1970

PARTIES:

Employers in relation to the management of Real Jambad Colliery,
AND
Their workmen.

PRESENT:

Mr. B. N. Banerjee.—Presiding Officer

APPEARANCES:

On behalf of Employers—Shri S. A. Yusuf.

On behalf of Workmen—Shri B. N. Tewari, General Secretary, Colliery Mazdoor Sabha (AITUC).

STATE: West Bengal.

INDUSTRY: Coal Mines.

AWARD

By Order No. 6/9/70-LRII, dated June 23, 1970, the Government of India, in the Ministry of Labour, Employment and Rehabilitation (Department of Labour and Employment), referred the following industrial dispute between the employers in relation to the management of Real Jambad Colliery and their workmen, to this Tribunal, for adjudication, namely:—

“Whether the management of Real Jambad Colliery Post Office Bahula, District Burdwan is justified in not designating Shri Naba Gopal Ghosh as Cap Lamp Incharge and Sarvasree Dulal Chandra Daw, Sudhanshu Ranjan Goswami and Lakhraj Misra as Cap Lamp Issuers (Cap Lamp Clerks) and not paying them salary as per Wage Board Recommendations in Coal Industry as accepted by the Government with effect from the 15th August, 1967? If not, to what relief are they entitled?”

2. It was pleaded in the written statement filed on behalf of the workmen:—

“That Sri Nabagopal Ghosh has been doing work of Cap Lamp Incharge at Real Jambad Colliery since 1966. Similarly Sarvasree Lakhraj Misra, Dulal Chandra Daw and Sudhanshu Ranjan Goswami have been doing work of Cap-Lamp Issuer since August, 1965, October, 65 and December 65 respectively.

That the management all along have been behaving them in illegal and mala fide way in respect of giving them proper designation and wages, despite the workers repeated demands for proper categorisation and wage as per law and Recommendations of the Wage Board for Coal Mining Industry.”

3. The statement was disputed in the written statement filed on behalf of the management. It was therein stated:—

“(a) That shortly before the Wage Board Recommendation in Coal Mining Industry were accepted and implemented the four workmen concerned were taken and allowed as apprentices and put in the Cap Lamp Room which was looked after and managed by the Register Clerk.

(b) That for all intents and purposes it was the Register clerk who was responsible for the work of issuing Lamps and maintaining the registers, therefore these workmen were only doing the work of handing over the lamps to the workers doing underground for work.”

4. There is no dispute that the colliery implemented the recommendations of the Wage Board on and from August 15, 1967.

5. Thus if it could be shown that the Wage Board had provided for categorisations of (i) Cap Lamp Incharge and (ii) Cap Lamp Issuer, there was no reason why the management should not pay to the workmen wages, recommended for such categories.

6. The management did not examine any witness nor did they produce any document in the proof of their case. The Colliery Mazdoor Sabha, representing the workmen, examined two witnesses but could not establish the following points:—

(a) that there was, in the Report of the Wage Board, any categorisation known as Cap Lamp Incharge or Cap Lamp Issuer, and

(b) that there was any grade or scale prescribed for such categories.

Mr. Tiwari understood this position and he filed an application stating that the form in which the reference was made would not serve the purpose sought for by the workmen. In my opinion, he was wholly right in this submission. He therefore did not press this reference but prayed for liberty to raise a fresh dispute on a proper cause of action and to seek a proper reference before this Tribunal.

7. Regard being had to the attitude taken by Mr. Tewari in this reference, I hold that the workmen are not entitled to any relief in the form in which the reference has been made. Liberty is, however, given to the workmen to raise a fresh dispute on a proper cause of action and to seek a fresh reference before this Tribunal for proper relief.

8. Be it noted that the management did not object to the prayer made by the workmen.

This is my award.

INDUSTRIAL DISPUTE CASE No. 5 OF 1970

Bhubaneswar the 10th September, 1970

BETWEEN

The management of Messrs Orissa Cement Limited, Rajgangpur. 1st party.

AND

Its workman

2nd party.

APPEARANCES:

Sri Govind Das, Advocate—On behalf of the 1st party.

None.—For the 2nd party

AWARD

The Government of India, Ministry of Labour, Employment and Rehabilitation (Department of Labour and Employment) in their letter No. 12(6)/70-LRIV dated 10th April, 1970 have referred the following dispute to this Tribunal for adjudication.

"Whether the action of the management of Lanjiberna Limestone Quarry of Messrs Orissa Cement Limited in not communicating the order sanctioning leave to Sri Harihar Horo, a Mazdoor, and subsequently terminating his services with effect from the 27th August, 1968, were justified? If not, to what relief is the workman entitled?"

2. Notice was issued to both the parties to file their written statements. The management filed its written statement but the Union remained absent without taking any steps to file any written statement. No step was also taken to attend the Tribunal on the date of hearing to contest the case. So the case was taken *ex-parte*. The management, to prove its case, examined one witness.

3. The contention of the management is that the worker did not turn up to duty after expiry of his leave applied for and continued to remain absent from duty till 27th August 1968. The management terminated his services under Clause 59 of Standing order. Clause 59 of Standing order says if a workman remains absent beyond the period of leave originally granted or subsequently extended, he shall be deemed to have been dismissed unless (i) he returns within eight days of the expiry of the leave and (ii) gives explanation to the satisfaction of the authority granting leave of his inability to return in time. In this particular case, the worker neither returned to duty nor submitted any satisfactory explanation to the management. The management is therefore justified in terminating his services under the clause 59 of the Standing order. Hence, I pass the award to the effect that the action of the management of Lanjiberna Lime Stone Quarry of Messrs Orissa Cement Limited in not communicating the order sanctioning the leave to Sri Harihar Horo, a Mazdoor, and subsequently terminating his services with effect from the 27th August, 1968 are justified.

AWARD

By Order No. 1/17/70-LR-II, dated June 24, 1970, the Government of India, in the Ministry of Labour, Employment and Rehabilitation (Department of Labour and Employment), referred the following industrial dispute between employers in relation to the management of Orient Colliery of Messrs Western Bengal Coal Fields Limited and their workmen, to this Tribunal, for adjudication, namely:

"Whether the action of the management of Orient Colliery of Messrs Western Bengal Coal Fields Limited Post Office Brajrajnagar, District Sambalpur (Orissa) in refusing employment to the workmen mentioned

below with effect from the dates shown against them is justified. If not, to what relief are the workmen entitled?"

Name of the workmen	Designation	Date of refusal of employment.
1. Shri Ram Avatar	Coal cutting Machine Helper	29th November, 1969
2. Shri Komal Kewat	Trammer	29th November 1969
3. Shri Shyam Behari	Trammer	29th November, 1969
4. Shri Shrikishun	Trammer	30th December, 1969
5. Shri Kishori	Trammer	30th December, 1969

2. The workmen did not file their written statement nor did they appear before this Tribunal. On behalf of the management there was an application filed stating that the workmen severally settled their dispute with the management and in token thereof filed separate affidavits supporting the case of settlement. The affidavits were proved by N. K. Sarkar, Manager, Orient Colliery.

3. Since there is no further subsisting dispute between the workmen and the management, I pass a 'no dispute' award in this matter.

This is my award.

The Central Government having received on the 26th March, 1970, the arbitration agreement dated 11th March, 1970 between the employers in relation to Nag's Ramjiwanpur Colliery, P.O. Sitarampur, District Burdwan (hereinafter

referred to as the management) and their workmen represented by Colliery Mazdoor Sabha (AITUC), G.T. Road, P.O. Asansol, District Burdwan (hereinafter referred to as the Union) in pursuance of the provisions of sub-section (1) of Section 10A of the Industrial Disputes Act, 1947 (14 of 1947), referring the industrial dispute between them, the specific matters in dispute being as detailed below, to my arbitration and the Central Government being of the opinion that the industrial dispute referred to above exists between the said management and their workmen, ordered publication of the said arbitration agreement in the Gazette of India, Part II, Section 3, sub-section (ii) under its order No. 8/51/70-LR.II., dated 8th April, 1970:—

Specific Matters in Dispute

"Whether the management of Nag's Ramjiwanpur Colliery, P.O. Sitarampur, District Burdwan was justified in stopping the issue of Kerosene Oil to the workmen employed at the Colliery from the beginning of November, 1969? If not, to what relief are these workmen entitled?"

Arbitration agreement dated 11th March, 1970 also provided that arbitrator shall make his award within a period of six months or within such time as is extended by mutual agreement between the parties in writing.

2. On receipt of the arbitration agreement, the parties were requested on 20th April, 1970 to submit their statement of claims on or before 6th May, 1970. The Manager of the Colliery in his letter dated 5th May, 1970 requested for further time for 15 days to file the written statement. In view of the written request, on 7th May, 1970 the management was informed to submit their written statement latest by 20th May, 1970 and the Union was also requested to submit their written statement expeditiously. The management's written statement dated 18th May, 1970 was received by me on 19th May, 1970 and the Union's written statement dated 19th May, 1970 reached me on 25th May, 1970. After the receipt of the written statements of the parties, the arbitration proceedings were held on 30th May, 1970 at Asansol. As the Union desired to produce evidences to substantiate its case, after brief hearing, the proceedings were adjourned and final arbitration proceedings were held on 21st July, 1970 at Asansol.

3. The Union's case is that the underground and surface workmen employed at the Colliery had been getting Kerosene Oil since long for domestic purposes and the supply of Kerosene Oil has been an amenity and the then existing facility and also a customary privilege. The Union also stressed in its written statement as well as during the proceedings that the Coal Award and the Wage Board recommendations, both, provide that the existing facilities of the workers should not be curtailed. In view of this, the Union has challenged the action of the management in stoppage of supplying of Kerosene Oil to the workmen and has demanded restoration of the amenity enjoyed by the workmen till November, 1969.

4. The case of the management, in short, is that for helping underground workmen in carrying out their work at underground, the management had been issuing Kerosene Oil to the underground workmen and this practice had been in vogue in other collieries also of the area. According to the Mines Legislation and the direction of the concerned authorities it became obligatory for the management to introduce electric cap-lamp in their Mines. On completion of cap-lamp supply arrangement for the underground workers in the Mines in February, 1969, the management discontinued the supply of Kerosene Oil. According to the management, the supply of Kerosene Oil was neither an amenity nor benefit to the underground workmen. The management, hence, prayed that their action in stopping the supply of Kerosene Oil to the workmen be deemed as justified. Shri R. S. Sawhney, Manager submitted in the first place that he has been working as a Manager in the Colliery since January, 1969 and he never saw for himself Kerosene Oil being supplied to the surface workmen or to the underground workers for any personal use. Tracing the history of the provisions of lamps (naked) and then cap-lamps at the Colliery, it was contended on behalf of the management that after 1967 the Mines Department issued circular requiring the Colliery Owners to introduce cap-lamps by 1969 where there is any possibility of gas. This Colliery fell in this category according to the Mines Department. Hence, the management had to switch over to cap-lamps and after its introduction, Kerosene Oil supply to underground workers for the use of lamps was stopped after February, 1969. It was emphatically denied by the management that Kerosene Oil was ever supplied for domestic purposes or it was issued to all workmen irrespective whether they were working underground or surface as was contended by the Union.

5. On behalf of the Union, the following two witnesses were examined during the final arbitration hearing on 21st July, 1970:—

- (i) Shri Abani Mohan Mukherjee, Underground Tub Checker.
- (ii) Shri Ganu Mahato, Fan Khalasi.

The first witness Shri A. M. Mukherjee stated that he has been working at the Colliery since 1952. Till February, 1969, Hurricane lamps were used by him and other underground workers and subsequently cap-lamps were introduced. This workman also stated that he was getting 6 bottles of kerosene Oil for personal use and in November, 1969, Kerosene Oil delivery for personal use was stopped. On cross examination by Shri Sawhney, the Manager of the Colliery, the workman stated that the workers used to get 4 bottles in a month and the staff were getting 6 bottles in a month and there was no fixed date for getting Kerosene Oil and the Kerosene Oil was taken in bottles. This workman subsequently, corrected himself and stated that the Oil was taken in small tins.

The second witness Shri G. Mahato stated that he was working on surface and for domestic use he used to get 4 bottles of Kerosene Oil in a month.

6. As is well known, the underground workers in Coal Mines had to be provided with lights individually—Hurricane lamps or other country made devices. Subsequently, Coal Mines Regulation, 1957 provided for electric cap-lamps in Gassy Mines. After the famous Dhory Colliery incident of 1967, the Coal Mines were categorised as Gassy or technically Gassy or Non-Gassy. The Mines Department directed the Colliery Owners to introduce cap-lamps by 1969 where there was any possibility of gas. This Colliery was also required to arrange for cap-lamps. The cap-lamps installation is a costly affair. The arrangement in this regard, started in 1968 at this Colliery and is reported to have been completed in February, 1969 and when the management was in a position to supply cap-lamps to all the underground workmen, they stopped the supply of Kerosene Oil which was issued only for the purposes of working underground. The management used to provide naked lamps to workers going underground. The practice was to provide lamps normally once a year and glasses every 6 months. The workmen used to carry the lamps to the attendance room, get the attendance recorded and then get oil by measurement in their lamps and then go to work underground. After duty hours, the workmen used to carry the lamps home and if any Kerosene Oil was saved in their lamps this was used by them at their Dhowrahs/Quarters. With the introduction of cap-lamps, it was but natural that the management had to stop the supply of Kerosene Oil in the lamps for underground work. By usage the workmen have been saving Kerosene Oil in their lamps and using at their homes. With the switch over to the new cap-lamp system it has now been not possible for the workers to get Kerosene Oil from the management. From the statement of the Manager of the Colliery, it is amply clear that besides the supply of Kerosene Oil for the lamps to the underground workers no separate Kerosene Oil was ever given to the workmen at the Colliery. In case, such a practice was ever in vogue, no management would supply oil without entering it in certain records. Neither the Union nor the two workmen produced before me as witnesses could ever give a hint about any record in this behalf.

7. Turning to the evidences adduced by the two workmen, I feel recording that both were rather interested witnesses and their evidences could not be much relied upon particularly in view of the incoherent evidences as revealed in cross examination. One of the witnesses, first stated he used to get '6 bottles' of Kerosene Oil but when cross examined by Shri Sawhney he stated that he was getting '4 bottles'.

8. I am inclined to feel, therefore, that the Union has not conclusively proved that Kerosene Oil was supplied to the underground and surface workmen for personal domestic use.

9. The Union had made a casual mention about the continuance of existing facility as laid down in the Coal Award. The award of the All India Industrial Tribunal (Coal Dispute) properly known as Mazumdar Award in para 700 laid down that the then existing total emoluments available to the workers were not to be affected by their award. Elaborating the existing total emoluments, the award specifically mentioned besides the basic wages, dearness allowance and the statutory bonus, cash and food concession and free supply of coal. This enumeration was not illustrative but rather exhaustive. It does not make a mention of supply of Kerosene Oil. It is hence obvious that supply of Kerosene Oil for

personal use has not been in vogue in the Coal Mines. Therefore, the Union's stand, in this regard, falls to ground.

10. Having, therefore, carefully considered the facts of the case and the evidences, and other materials placed before me by the parties and having considered the pleadings during the hearings of the case and further in view of the aforesaid facts, I hold that the action of the management of Nag's Ramjiwanpur Colliery in stopping the issue of Kerosene Oil to the workmen employed at the Colliery from the beginning of November, 1969, was justified. In view of this, the question of any relief to the workmen does not arise.

This is my Award.

S.O. 3269.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Additional Industrial Tribunal, Bhubaneswar in the industrial dispute between the employers in relation to the management of Messrs. Orissa Cement Limited Rajgangpur and their workmen which was received by the Central Government on the 17th September, 1970.

ADDITIONAL INDUSTRIAL TRIBUNAL, ORISSA, BHUBANESWAR

PRESENT:

Shri U. N. Mishra, B.L., Presiding Officer, Additional Industrial Tribunal, Orissa, Bhubaneswar.

INDUSTRIAL DISPUTES CASE NO. 6 OF 1970

Dated Bhubaneswar, the 10th September, 1970

BETWEEN

The management of Messrs. Orissa Cement Limited, Rajgangpur—1st party.
AND

Their workman—2nd party.

APPEARANCES:

Shri Govind Das, Advocate—On behalf of the 1st party
None—For the 2nd party.

AWARD

The Government of India, Ministry of Labour, Employment and Rehabilitation (Department of Labour and Employment) in their letter No. 12(7)/70-LR-IV dated 12th May, 1970 referred the following dispute to this Tribunal for adjudication.

"Whether the action of the management of Lanjiberna Limestone Quarry of Messrs. Orissa Cement Limited in discharging Shri Baleshwar Singh, a Mazdoor, with effect from the 3rd May, 1967, without payment of retrenchment compensation was justified? If not, to what relief is the workman entitled?"

2. The management has filed its written statement before the Tribunal. The Union has not taken any steps to file the written statement after notice was served on him nor attended the hearing of the reference on the date of trial. So the case was taken ex-parte.

3. The Management examined its Labour Officer to justify its case. The contention of the management is that the worker Shri Baleshwar Singh was appointed in Survey Section on temporary basis and his appointment was extended from time to time. The services of the worker were not extended after 5th June, 1967 as there was no work in the Survey Section. Hence, his service was purely temporary and was extended from time to time. His services automatically ceased after expiry of the period mentioned in the last letter of appointment. The case of management was as it is not a retrenchment case, his services were terminated as per terms of his appointment. So,

the question of giving retrenchment compensation does not arise in this particular case. Hence the award be passed that the action of the management in discharging Sri Baleshwar Singh with effect from 3rd May, 1967 without payment of retrenchment compensation is justified.

AWARD

The Government of India, Ministry of Labour Employment and Rehabilitation, Department of Labour and Employment by their Order No. 23/102/68-LR-III dated 11th March 1969 have referred to this Tribunal for adjudication an industrial dispute existing between the employers in relation to the Punjab National Bank Ltd., Bombay and their workmen in respect of the matters specified in the following schedule:—

SCHEDULE

"Whether Shri Shivram Dogra, watchman employed by M/s. Punjab National Bank Ltd., Mandvi, Bombay 9, is entitled to air-conditioning plant helper allowance at Rs. 35 per month and to other benefits such as dearness allowance, bonus and overtime allowance for the additional duties performed by him as such helper? If so, from which date will he be entitled to the relief and what directions are necessary to grant him the said reliefs?"

2. The facts giving rise to the dispute may be stated in brief as follows:—

The Punjab National Bank has its branch at Mandvi, Bombay 9, which is known as the Bhat Bazar branch. A safe deposit vault is attached to this branch but it is located at some distance from the branch office in one building known as Lalji Ramji Building. The safe deposit vault is in charge of a custodian and Shri Shivram Dogra the employee concerned in this reference is working there as a chowkidar-cum-watchman. The bank has installed an air conditioning plant in the vault and has entered into a contract for the servicing of the plant with the engineers Messrs. Voltas Ltd., who had supplied the plant and had also erected it. In their report after servicing the plant in August 1969 Messrs. Voltas Ltd., made certain suggestions to the bank in respect of the maintenance of the

air-conditioning plant. The bank accepted the suggestions and as a result of the letter of Messrs. Voltas Ltd., entrusted the additional work to the watchman Shri Shivram Dogra who was then a member of the Punjab National Bank Ltd., Employees' Union. For the additional duties to be performed by Shri Dogra there was a dispute in respect of the remuneration to be paid to him but it was settled by an agreement dated 28th February, 1962 between the Bank and the Punjab National Bank Employees Union. By this agreement Shri Dogra was required to look after the starting and stopping of the Air-conditioning machine filling up the tanks of the water and cleaning the air filters in the air-conditioning plant etc., and was to get an allowance of Rs 10 per month.

3. At the time of the settlement the dispute between the Banking Industry in general and the Bank Employees was pending before the National Industrial Tribunal. The dispute was taken over by Shri K. T. Desai and the terms agreed upon by the Management and the Punjab National Bank in respect of the allowance and the duties to be performed were without prejudice to the benefits accruing to the workmen in terms of the forthcoming award of the National Industrial Tribunal. However the Desai Award did not contain any provision in respect of any special allowance to be paid to the air conditioning plant helper and Shri Shivram Dogra continued to get only Rs. 10 till the year 1966. But under the Bi-Partite settlement between the Banking Industry and their workmen dated 19th October 1966 the management had agreed to pay a special allowance of Rs. 35 per month to the air-conditioning plant helpers with effect from 1st July, 1966 and in view of this provision in the Bi-Partite settlement the custodian of the safe deposit vault raised the special allowance paid to Shri Shivram Dogra from Rs. 10 to Rs. 35 with effect from 1st July, 1966 and paid him the allowance at that enhanced rate till 31st May, 1967. But subsequently the management abruptly stopped the payment on the contention that the payment of the special allowance of Rs. 35 per month to Shri Dogra was unauthorized and erroneous. It was a wrong payment and the management passed orders to recover the extra amounts paid to the workman and started paying him only Rs. 10 for the additional duties. Upon this the workman made representations to the management and also sent copies to the All India Punjab National Bank Employees Association who took up the matter with the Staff Controller and ultimately to the Assistant Labour Commissioner (Central) and as a result of the failure report the dispute is referred to this Tribunal for adjudication.

4 The Punjab National Bank Workers' Organization of which Shri Shivram Dogra is a member has by its statement of claim contended that the workman Shri Dogra was working as a watchman from 1st June, 1961 in the Bhat Bazar branch of the bank and his services were utilised as an air-conditioning plant helper. In pursuance of the letter of Messrs. Voltas Ltd., Shri Shivram Dogra was required to discharge the duties of the air-conditioning plant helper such as cleaning the air filters, draining out the water from the cooling tower tank and to check the level of the cooling tower tank etc. He was discharging the above semi-skilled duties under the supervision of the servicing contractors Messrs. Voltas Ltd. That for the discharge of the above duties the management paid Rs. 10 as special allowance but it was without prejudice to the rights and benefits accruing under the terms of the forthcoming award. As a result of the signing of the Bi-partite Settlement the Bankers in terms of para 5.3(x) of the settlement had agreed to pay the special allowance of Rs. 35 p.m. with D.A. and other benefits. The Punjab National Bank is a party to the settlement and the employee was entitled to get Rs. 35 per month together with the other benefits from 1st July, 1966 under the Bi-Partite Settlement. In stopping the allowance the management had violated the provisions of the settlement and the Industrial Disputes Act. They have also wrongly and illegally recovered the sum of Rs. 25 per month and as the services of Shri Shivram Dogra were being utilized as semi-skilled air-conditioning plant helper he was entitled to the special allowance of Rs. 35 per month with all allowances and he should be granted the relief from 1st July, 1966.

5. The management by their written statement and rejoinder have admitted that the workman Shri Shivram Dogra was being paid Rs. 10 per month for the additional duties being carried out under the settlement dated 28th February, 1962. But they have denied the allegations and have contended that Shri Shivram Dogra was only looking after the starting and stopping of the machine and filling of the tanks with water and cleaning of the air filters every week and was being paid Rs. 10 per month under the settlement. He was not an air-conditioning plant helper and was not entitled to claim the special allowance. They have contended that in appendix B of the Bi-Partite Settlement the duties of the air-conditioning plant helpers have been mentioned. Under the provisions of the appendix he is required to be a semi-skilled person and has to attend to the

routine maintenance under the supervision of the technician and has also to carry out minor repairs to the air-conditioning plant. The workman Shri Shivram Dogra is an illiterate person. He is an unskilled workman and he is not entitled to the allowance of Rs. 35 prescribed under the Bi-Partite Settlement. They have contended that the payment of Rs. 35 per month made to him by the custodian was a wrong payment and while checking the salary bills of the said office this error was noticed and instructions were issued for the recovery of the wrong payment and the employee was not entitled to claim the allowance of Rs. 35 and is not entitled to any relief under the reference.

6. In support of their contentions the parties have produced various documents. The union has examined the workman Shri Shivram Dogra and the Sub-Accountant Shri Bansrilal Hota and the Bank has examined the Branch Manager Shri S. N. Gupta.

7. In the written statement the management had taken the plea that the dispute referred to adjudication was not an industrial dispute but an individual dispute on the grounds that it had not been raised by a substantial number of workmen nor had it been sponsored in proper manner. It was further contended that Shri Dharap who was representing the workmen was an Advocate and he could not be permitted to represent the union. The union had denied these allegations and contended that the dispute was raised by a substantial number of members of the union and that Shri Dharap was not an Advocate but he was an office bearer of the union. The workmen had also produced copies of the resolutions of the union and a letter dated 22nd August, 69 showing that Shri Dharap was the committee member of the Sangh and joint Secretary. They have also offered inspection of the books of accounts, minute books and membership registers etc. It appears that the employees of the bank are the members of two unions, and the management has suggested that the minority union has taken up this dispute. However it is clear from the suggestion that there is a rivalry between the two unions and both the unions must have substantial following. It may be that the Punjab National Bank Employees Organisation may be a minority union but it is clear that the dispute has been raised by a substantial number of members. Shri Lulla appearing for the bank had not also pressed these issues and the important question to be decided is whether Shri Shivram Dogra is entitled to claim the special allowance of Rs. 35 per month.

8. Shri Lulla the staff officer of the bank has argued that the so-called air conditioning plant is a small machine and the workman Shri Dogra only looks after the starting and stopping of the machine and filling of the tanks with water and cleaning the air filters. It is a work just like switching on and off or tuning a radio and he has not to perform the duties of an air conditioning plant helper. It has been further argued that Shri Dogra is an illiterate unskilled worker. He is not doing the work of carrying out repairs and does not satisfy the requirements of Appendix B(x) of the Bi-Partite settlement and is not entitled to claim special allowance of Rs. 35.

9. In the reference order the issue referred to the Tribunal is only whether the workman is entitled to the air conditioning helper allowance of Rs. 35 per month. The Government in their order have not referred to the provisions of the Bi-Partite Settlement. However, considering the statement of claim and the reply of the parties it can be presumed that the union has based its claim on the principles laid down in the Bi-Partite settlement and the question is whether the workman is entitled to get Rs. 35 per month as allowance.

10. Taking the air conditioning plant to be like a radio machine and attached to the window of an office one would be inclined to think that the workman has practically no work except switching off and switching on. However such is not the machine in this case. After the evidence the union had requested the Tribunal to pay a visit to the safe deposit vault and actually see the operations required to be carried out by the workman for deciding the question whether he was doing the duties of an air conditioning plant helper and whether the amount of Rs. 10 was a proper allowance. The bank also had no objection and accordingly I had visited the safe deposit vault and seen the machine in the company of the representatives of both the parties. The bank Manager has given the dimensions of the machine as 4×4×1 ft. I have seen the machine which is about 6 ft., 4 ft. and 3 ft. in thickness. There was a water pump and a tank on the ground floor and two water tanks on the fourth floor. The employee actually demonstrated the working. He is required to run the pump for filling the tanks and is also required to unscrew the bolts for taking the gauze from inside of the machinery and it can be said that the work is not so simple as it is represented to be.

11. The workman has stated that every day he is required to fill the three tanks and does that work from 3-15 a.m. to 7 a.m. Every day he has to go to the fourth floor and climb up the four stair cases. At the time of the inspection I had gone to the fourth floor and it is clear that every day the workman is also required to climb up about 80 steps and the work he is required to carry out is not merely switching off or tuning a radio and considering the volume of work required to be done by him one would easily come to the conclusion that the remuneration of Rs. 10 which is fixed in the year 1962 for this additional work entrusted to the workmen in my opinion is not at all adequate.

12. The main contention raised by the management is that the workman is not educated. He is not a technician and is not a semi-skilled worker and does not satisfy the conditions required by the Bi-Partite Settlement and is not entitled to claim Rs. 35 as allowance. It is not in dispute that Shri Shivram Dogra is an illiterate person and has not undergone any technical training in any institution. However I do not think that any education or technical training in any institution is necessary for doing the work of a semi-skilled person and satisfying the requirements of carrying out the duties of an air conditioning plant helper. It is not in dispute that by the Bi-Partite Settlement the management of the A class banks have agreed to pay a special allowance of Rs. 35 per month to the air conditioning plant helpers. Appendix B of the Bi-Partite Settlement which is in respect of special allowance duties states:—

"The following list does not include the routine duties of the cadre (clerical subordinate) which a workman normally has to perform but merely enumerates those special duties which if performed in addition to the routine duties will entitle the workman to a special allowance on the terms and conditions provided in Chapter V."

Entry No. (x) in respect of subordinate staff reads as follows—

"(x) Air Conditioning Plant Helpers—

Semi-skilled persons who under the supervision of the technician attend to routine maintenance of and minor repairs to air-conditioning plant."

The word "semi-skilled" has not been defined. However semi-skilled does not necessarily mean that the person must be literate or educated. Skill in any profession can be acquired by practice and experience and the mere fact that the workman is uneducated and has not taken any training in any institution will not debar him from claiming the allowance. It is not in dispute that Shri Shivram Dogra is doing this work of looking after the air-conditioning plant in the safe deposit vault since before 1961, that is for more than eight years, he has been carrying out all the duties to the satisfaction of the employers and he can be said to be a semi-skilled person.

13. It is also an admitted fact that the work of looking after the air-conditioning plant was entrusted to Shri Shivram Dogra in pursuance of the letter of the engineers Messrs Voltas Ltd. Shri Shivram Dogra has stated that the air conditioning machine had burst due to gas and the machine was stopped. The people from Voltas had come and repaired it and they wrote a letter to the Bank to keep one man continuously to look after the machine. The letter written by Voltas Ltd., after giving the report of their service man has stated:

"We would request you to get a float valve fitted through your plumber and the following point must be attended to by your maintenance staff to have trouble free service from the unit:—

1. Clean the air filters at least once a week or more often depending upon the condition of the filters.
2. Drain out all the water from the cooling tower tank brush the inside of the tank with a soft brush so that all the moss and dust is completely removed. The suction strainer should be removed and cleaned thoroughly so that all the moss and dirt is removed.
3. Prior to starting of the plant every day the level of the cooling water tank should be checked and the suction strainer cleaned if the same is found dirty or checked."

After the receipt of the letter the management had asked the sweeper to clean up the overhead tanks once a week and the remaining work was entrusted to Shri Shivram Dogra.

14. Shri Gupta the Manager of the Bhat Bazar Branch has stated:—

"I do not know who was looking after the air-conditioning plant upto 1962. Shri Dogra started attending to the working relating to the machine

in 1969. A Settlement was arrived at between the Bank and the union that an allowance of Rs. 10/- will be paid to Shri Dogra in connection with the work relating to the machine. The duties to be performed by Shri Dogra were specified in the settlement."

It is not in dispute that Shri Dogra has been carrying out the duties satisfactorily till today. The settlement has been produced as annexure B and it is clear from the relevant portion of the settlement that Shri Shivram Dogra has been performing the duties of the air conditioning plant helper. The settlement states as follows:—

Short Recital of the Case

"On the advice of M/s Voltas Ltd., who have supplied the air conditioning plant installed in the safe Deposit Vault it has been felt necessary by the Bank to make arrangement for the maintenance of the plant which involves, cleaning of overhead tanks looking after the starting and stopping of the machine and filling of the tanks with water properly and cleaning of air-filter weekly.

After negotiation it is hereby agreed between the parties as under:—

- (1) —————
- (2) That Shri Shivram Dogra, Chowkidar, at the vault, will look after the starting and stopping of machine and filling of the tanks with water and cleaning of the air filters properly every week.
- (3) —————
- (4) That the foregoing terms shall be without prejudice to the benefits accruing to the said Sarvashri Babia s/o Amrut and Shri Shivram Dogra in terms of the Award of the National Industrial Tribunal. (Bank I)

15. From this settlement and from the letter of the engineers Messrs. Voltas Ltd., it is clear that the engineers wanted the bank to attend to certain matters by the maintenance staff of the bank which presupposed that the Bank must employ some persons for doing the maintenance work. It is not in dispute that in pursuance of this letter the additional duties were entrusted to Shri Shivram Dogra and he could legitimately claim to be doing the maintenance work in respect of the air conditioning plant. It is true that at the time he is carrying out duties no technician is present to supervise the work. However I do not think that the clause in appendix B requires the continuous presence of the technicians for the supervision of the work done by the employees. It is not in dispute that the Bank has entered into the servicing contract with the engineers Messrs. Voltas Ltd., and whenever there is any defect or difficulty they are called and they attend to it and it can be said that the workmen does routine maintenance under the supervision of the engineers Messrs. Voltas Ltd., and thus he is a semi-skilled person attending to the routine maintenance of the plant under the supervision of the technicians.

16. Shri Dogra has in his deposition stated:—

"I am required to see whether there is oil in the pump. I am required to do engine work once a week. I have to see that the pump worked properly. I repair it if I can otherwise I phone the Voltas Co. I have got only one spanner to work the pump. Every Saturday I am required to open the machine and clean the filter and the fan. It required about an hour and a half, and for filling the tank I require at least four hours per day."

However I do not think that the evidence that he repaired the pump and other parts of the machine can be accepted but there is no doubt that he is required to unscrew the bolts for taking out the gauge. Even after unscrewing he is required to hold the filter plate in some particular angle and has to remove it and take it out. It is not an easy job. He is required to fill the tanks which necessarily requires to run the pump for which he has to operate the levers. He is also required to oil the pump and such work is the work of a semi-skilled person.

17. Shri Lulla for the Bank has argued that as the workman does not and is not able to carry out repairs whether minor or major he does not satisfy the requirements under the Bi-Partite Settlement and will not be able to claim the allowance under the settlement. I have already quoted the relevant clause of Bi-Partite Settlement and there is much substance in the argument of Shri Lulla that the workman does not satisfy both the conditions viz., routine maintenance and minor repairs. However I do not think it is necessary for the employee to do all the duties enumerated in that clause for claiming the allowance. I have

already quoted the preamble of the Appendix B regarding special allowance duties. In Chapter V the general rules for the grant of special allowances are given and in para 5:7 it is stated that special allowance will be payable for all or any of the duties listed in Appendix B and even if it be held that Shri Shivram Dogra does not perform the work of carrying out repairs to the airconditioning plant I do not think that it will debar him from claiming the special allowance under the settlement.

18. The management has suggested that Shri Bansilal Hols the Union's witness who was working as a custodian of the safe deposit vault was a member of the same union. And he was interested in the workman. He had no powers to pay the special allowance provided under the Bi-Partite Settlement and the payment of Rs. 35/- per month to the workman was wrong. It has been further argued that at first the workman was represented by the employees' Union and subsequently the matter was taken up by the Employees' Association due to rivalry and this also showed that there was no merit in the claim of the workman. I do not think that these matters are relevant or material for decision of the dispute. Shri S. N. Gupta the Branch Manager of the Bhat Bazar branch has stated that immediately after the Bi-Partite Settlement the regional office had issued a circular that wherever there was provision in the settlement about the payment of appropriate allowance the matter should be referred through the regional office to the head office and it has been argued that as the payment of Rs. 35/- as special allowance was not authorized. Even accepting the contention of the management about the circulars issued to be correct and that the payment was not authorised I do not think it necessary to discuss the merits of the order passed by the management about the recovery of the payment made, as it makes no difference in the decision of the issue involved.

19. It is significant to remember that the bank had entered with the service contract with the Engineers M/s Voltas Ltd., and agreed to pay them annually Rs. 1400/- and the agreement shows that it was the duty of the Engineers M/s Voltas Ltd., to clean the air filters. But they did it once in three months though it needed to be cleaned weekly. This work of the servicing part was entrusted to the workman Dogra and in my opinion the workman is a semi-skilled person and is entitled to the airconditioning plant helper's allowance of Rs. 35/- per month under the Bi-Partite Settlement. It is not in dispute that the settlement takes effect from 1st July, 1966 and the employee can rightly claim the allowance from that date and the bank will make the necessary payment adjusting the recovery if any.

20. The employee Shri Shivram Dogra, is entitled to the airconditioning helper's allowance of Rs. 35/- per month. However, this being an allowance for the additional duties entrusted to him I do not think he will be entitled to claim other benefits such as dearness allowance, bonus and other allowances in that respect. The employee is entitled to the special allowance of Rs. 35/- per month from 1st July, 1966 and it is hereby directed that he be paid that allowance from that date and if any recovery is made from him in respect of the payment the same should be made good to him.

The reference is pending in this Tribunal for about a year and a half and considering the contest I think an order for costs of Rs. 100/- in favour of the union will meet the ends of justice and I direct accordingly.

Shri Shivram Dogra will be entitled to the special allowance of Rs. 35/- from 1st July, 1966 as stated above. Hence my award accordingly.
